Overview

The Africa Cosmos Education Trust was founded in 2018 to be a beacon of hope to individuals who are unable to pursue their dream to obtain a tertiary education due to their circumstances. The Trust recognises the importance of education and share the sentiments of the late Mr. Nelson Mandela when he stated, *“Education is the most powerful weapon which you can use to change the world.”*

We want to make a difference in the lives of our future leaders by playing a key role in assisting them to develop a sound foundation for their tertiary education and in developing their skills. We aim to achieve this through a holistic support programme that involves financial aid, mentoring, and imparting valuable life skills.

Eligibility Criteria:

- ✓ South African citizens who are unemployed and not older than 35 years
- ✓ Potential students who are South African Citizens and have completed their Senior Certificate (Matric) who are enrolling at an accredited and recognised institution (University or Technical College)
